GENERAL MEDICAL SERVICES

THE FAMILY DOCTOR

Everyone is entitled to a family doctor under the National Health Service. The majority of persons in the Country have registered under the scheme but there may be some who, having recently come to live in this Country from abroad, or for some other reason, have not done so. It is advisable that everyone who has not already registered with a doctor should do so at once and not wait until he is ill. All that has to be done is to select a doctor who has agreed to provide general medical service under the National Health Service, a list of whom is available at every main Post Office, Public Library and Town Hall Information Bureaux. Particulars of all doctors providing National Health Service in the Hammersmith area are included in this booklet. Having chosen a doctor you should go to him and complete a form E.C.1 (REV) which the doctor will provide. (The doctor will need to know your National Health Service number). If the doctor accepts you on his list he will forward the form to the Executive Council who will issue to you a medical card which you will retain. If the doctor you have chosen is unable to accept the registration, you can choose another or ask the Executive Council* to put you in touch with one.

MEDICAL CARD. - The medical card which is provided for you should always be taken with you when you go to your doctor for treatment. If you cannot produce it the doctor is entitled to charge you a fee, but if you make a claim to the Executive Council* within a fortnight you can have the fee so paid refunded to you if the Council are satisfied that you are actually on the doctor's list. If you need a visit please ask the doctor *early* in the day.

CHANGE OF DOCTOR. - If you have moved to a new address and wish to change your doctor, you may do so at any time by completing the appropriate part of your medical card and handing it to the doctor to whom you wish to transfer, providing that he is willing to accept you.

If you wish to change your doctor but have not recently changed your address you may do so either:-

- (i) by obtaining your present doctor's consent to the transfer
or
- (ii) by sending your medical card to the Executive Council* together with a letter stating your desire to transfer to the list of another doctor. The Council will return the card to you with a slip (E.C. 4B) affixed, showing the earliest date upon which the transfer can be made.

(Your doctor has a similar right, subject to certain conditions to ask for your name to be removed from his list.)

ABSENCES FROM HOME. - When you are on holiday, or away from home for any other reason for less than three months you may, if necessary, apply to any local doctor providing general medical services for treatment as a temporary resident. You should produce your medical card or be able to state your National Health service number.

ACCIDENT OR EMERGENCY. - If neither your doctor nor his deputy is available when required in cases of accident or other sudden emergency you have the right to summon any local practitioner included in the Executive Council's list. During absence from home or in cases of emergency when treatment is required, it should be made clear to the practitioner attending, that treatment is required under the National Health Service. Arrangements are made for patients to be attended in the absence of their own doctor. If you ask your own doctor what to do when he is away he will tell you.

AVAILABILITY OF HEALTH SERVICES TO PRIVATE PATIENTS. - Although a National Health Service doctor cannot treat you as a private patient while your name is included in his list the other services provided under the scheme (except the provision of drugs and appliances) are available to you.

You are, of course, quite free to choose to be or not to be on a doctor's list, but if you do not do so and prefer to receive private treatment you will have to meet any private fees which are incurred.

If you are in doubt on any question in connection with general medical services provided under the National Health Service you should communicate with the Clerk, London Executive Council, Insurance House, Insurance Street, W.C. 1. Telephone - Terminus 7833.

DENTAL SERVICES

No authority or application form is required before you seek treatment. Make an appointment with any practitioner who provides General Dental Services under the National Health Service Act. It is important to tell him that you wish to receive treatment under the National Health Service.

You will have to sign a form (E.C. 17) which the dentist will provide saying that you wish to have treatment under the Service. You will be asked to give your National Health Service number (formerly your National Registration Identity number). This number should be on your medical card.

The dentist will give you part of the form to keep - it is your acknowledgment that he has accepted you under the National Health Service.

The provision of partial dentures is authorised by the Dental Estimates Board only if the patient is willing to undergo treatment (such as fillings) which the dentist considers necessary to render the patient dentally fit. Some treatment and the normal repair of artificial teeth can be put in hand by the dentist at once, but other special, expensive or prolonged treatment, and in certain cases the supply of dentures cannot be started until he has received the approval of the Dental Estimates Board.

For treatment other than the provision of dentures the amount payable by a patient is £1, or the full cost if that is less than £1. No payment is made for examination and report, repairs to dentures or arrest of bleeding.

All persons under 16 years of age, aged 16 or over, but under 21, in full-time school attendance, expectant mothers and mothers who have a child during the preceding twelve months are exempt from all charges on signing a declaration on the form E.C. 17. Persons aged 16 or over, but under 21, not in full-time school attendance are, however, required to pay the statutory contribution towards the cost of dentures.

If you require to be supplied with a denture or dentures you will be charged on the following scale: -

				Amount		
				£.	s.	d.
1, 2 or 3 teeth (per denture)	2.	5.	0.
4-8 teeth (per denture)	2.	10.	0.
More than 8 teeth (per denture)	2.	15.	0.
Maximum for two dentures	5.	0.	0.

If you ask for something more expensive than the dentist considers necessary you will be asked to sign a document to confirm this and an additional fee will be payable. The dentist may ask you to pay your contribution in advance.

If a denture is lost, broken through carelessness or becomes useless through not being worn, and has to be replaced you may be called upon to pay all or part of the cost.

If treatment is required by a child under sixteen then the parent or guardian signs on his behalf and a relative or other person in charge can sign on behalf of someone too ill physically or mentally, to sign himself. The statutory charges are payable in respect of EACH course of treatment.

The maximum charge for dentures and other treatment is £5.0 0. A person who is unable to meet the charges may apply for assistance to the National Assistance Board, Hythe House, Brook Green Road, W.6.

OPHTHALMIC SERVICES

SIGHT TESTING. Under this service a person is entitled, if his family doctor recommends it, to have his sight tested by an ophthalmic medical practitioner or ophthalmic optician whose name appears on an approved list prepared by the Executive Council (see below). The Doctor's recommendation is only required on the first occasion. If it becomes necessary for a person to have his sight re-tested he may consult the ophthalmic surgeon or ophthalmic optician without a doctor's certificate.

SUPPLY OF SPECTACLES. When a patient's sight has been tested the doctor or optician will send a form (O.S.C. 2) to the Local Ophthalmic Services Committee who will, in due course, return part of the form to the patient. This should be taken to any ophthalmic or dispensing optician whose name appears on the Ophthalmic List.

A person of 16 years of age or over is required to pay towards the cost of his glasses:-

- | | | | |
|--------------------------|-----|-----|-----------------------------------|
| (i) Single-vision lenses | ... | ... | 12s.6d. each (£1.5s.0d per pair). |
| Bifocal lenses | ... | ... | 20s.0d. each (£2 per pair). |

- (ii) The whole cost of the National Health Service frames he selects for his glasses.

As hitherto children under sixteen years of age or older children receiving full-time school education at an establishment which is a school within the meaning of the Education Act, 1944 may be supplied without charge for lenses or frames with glasses using standard children's frames.

Children aged ten or more and either under 16 years or aged 16 and over who are still receiving full-time school education may be supplied with lenses without charge if these are fitted to any adult type National Health Service frame.

A person who is unable to meet the cost of spectacles may apply for assistance to the National Assistance Board, Hythe House, Brook Green Road, W.6.

PHARMACEUTICAL SERVICES
(DRUGS, MEDICINES AND APPLIANCES)

There are arrangements to ensure that every person receiving treatment from a doctor or from a dentist can obtain such drugs, medicines or appliances as may be prescribed by the doctor or dentist. (If, however, a patient has a private doctor, that is a doctor who has not accepted him under the National Health Service Scheme, he will have to pay in full for the drugs, medicines or appliances which are prescribed.)

As in the case of doctors, dentists and opticians, the Executive Council maintains a list of chemists who will dispense medicines and supply drugs and appliances in connection with the service. Particulars of chemists in Hammersmith included in the list are given below.

WHAT CAN BE PROVIDED. When an official prescription form given by a doctor or by a dentist is taken to the chemist, he is required to supply what has been ordered with reasonable promptness and to provide a suitable container. There is no limit on the drugs which may be prescribed and supplied for the proper treatment of any patient so long as the patient's doctor is of opinion that they are medically necessary.

CHARGES FOR MEDICINES AND APPLIANCES. A charge of 2/-d. is payable towards the cost of each medicine and each kind of appliance other than elastic hosiery for which the charge is 5/-d. or 10/-d. prescribed by a doctor on a National Health Service prescription form. Persons in receipt of a Supplementary Pension from the National Assistance Board may obtain a refund of the prescription charge provided they present an official receipt form (E C.57) at the time they draw their weekly pension from the Post Office. The National Assistance Board is authorised to assist anyone who can show that his resources are insufficient to meet these charges. No charge is made for the bottles in which medicines are supplied. Patients are asked to clean and return them to the chemist when no longer required.

War pensioners who need medicines, appliances or hosiery for an accepted war disability can obtain a refund of the charges. Information on how to apply will be given by the suppliers on request.

HOSPITALS

GENERAL HOSPITALS

Responsibility for providing hospital treatment for residents in Hammersmith rests upon the North-West Metropolitan Regional Hospital Board, the South-East Metropolitan Regional Hospital Board and the Board of Governors of the Hammersmith and St. Mark's Hospitals, and the Charing Cross Group of Hospitals.

Patients are admitted as in-Patients:-

- (a) By their own doctor ringing or writing to the hospital stating the nature of the case, and requesting admission.
- (b) By the hospital consultants recommending admission where the patients have been attending one of the out-patient clinics.
- (c) From the Casualty Department, if the patient has attended there as a result of an accident, or emergency, and it is deemed advisable to admit at once.
- (d) As emergency by
 - (i) The patient's doctor ringing the hospital;
 - (ii) The patient's doctor ringing the Emergency Bed service. (Tel.: HOP 7181).

All admissions are subject to suitability on medical grounds, and the availability of beds.

Hospital treatment under the National Health Service is provided free of charge.

A limited amount of accommodation, however, is available in single rooms or small wards for (a) patients prepared to pay the full cost for private beds, and (b) patients who need privacy in hospital for reasons other than medical needs.

Persons prepared to pay the full cost should ask their family doctor to arrange this through the hospital consultant. Not all hospitals have private pay beds and their availability depends on whether such beds are needed by patients primarily on medical grounds.

Charges for full-cost bed and amenity beds, when provided, vary in different hospitals according to the actual costs involved.

Particulars of out-patient clinics at hospitals serving the West London area are set out below:-

Infectious Diseases Hospitals

WESTERN HOSPITAL

Seagrave Road, S.W.6.

(Tel. FUL 2105 and 9621)

This Hospital deals with cases of infectious disease, including pulmonary tuberculosis. There are also special units for acute poliomyelitis and rehabilitation.

Applications for admission should be made direct to the hospital or to the Emergency Bed Service (Tel. HOP 7181).

In order to secure removal of an infectious patient to hospital, the doctor must leave at the house a certificate stating the name, age, sex and address of the patient and disease from which the patient is suffering. This certificate should be collected by the ambulance attendant.

There is also sited at the hospital the Fulham Chest Clinic, which has full x-ray facilities.

The South West Metropolitan X-ray Unit is also based at this hospital. Further particulars relating to this service can be found on page 25.

Maternity Hospitals.

QUEEN CHARLOTTE'S MATERNITY HOSPITAL

Goldhawk Road, W.6.
(Tel.: No. RIV 4666)

This hospital provides accommodation for maternity cases. It is linked with Chelsea Hospital for Women to form a post graduate teaching hospital.

Women seeking admission to the hospital are seen, by appointment only, on Tuesday and Thursday mornings. Subsequently patients booked for admission attend normal ante-natal clinics which are conducted each morning, and each afternoon from Monday to Friday, Bank Holidays excepted. A consultant is in attendance (it is an advantage if prospective patients take with them a letter from their own doctor.)

Every effort is made to accept for admission emergency cases where hospital treatment is required, but it is frequently impossible to take patients suffering from threatened or actual miscarriages.

The out-patients facilities of the hospital are available to general practitioners requiring a consultant's opinion, notwithstanding the fact that the patient concerned does not require to be booked for hospital confinement. A domiciliary midwifery service operated by the hospital is conducted in the Borough. Women seeking home confinements can be attended by domiciliary midwives and appointments can be made upon application to the hospital.

Special Hospitals.

METROPOLITAN EAR, NOSE AND THROAT HOSPITAL

(at St. Mary Abbots Hospital)

Marloes Road, Kensington.W.8.

(Tel.: WES 8201)

Out-patient clinics are held on Tuesday, Wednesday and Thursday mornings, Thursday and Friday afternoons.

Patients are seen by appointment only which may be made by personal call letter or telephone. A doctor's letter is required at the first attendance.

ATTENDANCE AT HOSPITALS

(a) Transport

Where a patient has to attend hospital for treatment and is unable to walk there or use public transport, application for transportation to and from the hospital may be made to the London Ambulance Service (Tel. WATERloo 3311) by the patient's doctor in respect of the first attendance. For subsequent attendances arrangements for transport will normally be made by the hospital.

(b) Expenses in attending hospital.

Where a patient has to attend hospital and is unable to pay the cost of public transport, application for assistance in paying fares may be made to the local office of the National Assistance Board. In such cases the patient should first apply to the Almoner of the particular hospital for the special form on which application is made.

Where a person has to visit a relative in hospital, and is unable to afford the fares for public transport, application should be made to the Almoner of the particular hospital, who may be able to assist in the matter.

(c) Escorting patient to hospital.

Where a patient has to attend hospital but is unable to find anyone to accompany him (e.g. in cases of blindness) escorts can sometimes be obtained by applying to voluntary associations such as the Women's Voluntary Services or the British Red Cross Society. In cases of difficulty application for an escort can be made to the Almoner of the particular hospital concerned.

Urgent cases can be seen and intermediate treatment be obtained all day on any week-day at most of the above-mentioned clinics.

NOTE. - Application for outfits for taking samples of blood etc., and specimens for examination should be addressed to the Pathologists at the Hospitals.

DISEASES OF THE CHEST.

HAMMERSMITH CHEST CLINIC (Tel. SHE20 30)

All aspects of the tuberculosis problem and other chest diseases are dealt with at, and should be referred to Hammersmith Chest Clinic, which is housed in Hammersmith Hospital, DuCane Road, W. 12. The administration of the Clinic itself is the responsibility of the Board of Governors, Hammersmith, and St. Mark's Hospitals. The Chest Clinic is closely linked with the Post Graduate Medical School of London and

takes part in the teaching of post graduate students. Management of the Clinic is under direct supervision of a Consultant Physician who is also a lecturer in chest diseases on the staff of the Post Graduate Medical School.

The Clinic, its associated independent radiography department and 27 beds are housed in the same building and are run as an integral unit. A consultant diagnostic service for all chest diseases is provided for local practitioners who may send patients for full consultation (with letter of introduction), or for X-ray only (by special form of reference). This latter service provides a rapid means of obtaining a chest X-ray without the formality of being examined by a consultant or other hospital physician. In addition to the diagnostic services provided out-patient clinics are held for new and follow-up cases, for treatment, for ambulance cases, for contacts and for anti-tuberculosis vaccinations.

A special clinic is also held in conjunction with the Department of Medicine, for patients suffering from Chronic Bronchitis.

Attendances at all clinics (apart from the X-Ray only service which is held daily from Monday to Friday between 9 a.m. and 11 a.m.) are strictly by appointment only. (Telephone Appointments Clerk.)

During the treatment, rehabilitation and re-settlement of tuberculosis, bronchitic and other patients, many social and financial problems arise. To provide adequate help and advice in these circumstances a fully equipped social welfare department forms an integral part of the Chest Clinic service. This department is in the hands of a certificated Almoner, who is in contact with many statutory and voluntary agencies through which advice and assistance can be provided.

A comprehensive management scheme for tuberculous patients is in operation in Hammersmith. Suitable patients are treated with modern methods in their own homes and, if necessary visited there by the staff of the Chest Clinic. Visits to the Clinic are arranged by ambulance if need be, and patients are also admitted to the Chest Clinic beds for chemotherapy and for major and minor thoracic surgery. Sanatorium treatment, when this is necessary, is undertaken in sanatoria under the auspices of the North-West Metropolitan Regional Hospital Board (Clare Hall Hospital, South Mimms; Pinewood Hospital, Wokingham; Harefield Hospital, Middlesex, and Colindale Hospital, Hendon). Such admissions can only be arranged through the Chest Clinic as is the case with tuberculous patients to be admitted to Hammersmith Hospital.

Rheumatism.

WEST LONDON HOSPITAL RHEUMATISM DEPARTMENT

This department for the treatment of rheumatic diseases is attached to the West London Hospital, Hammersmith Road, W 6, and out-patient sessions are held on Tuesdays, Wednesdays and Thursdays each week starting at 9.30 a.m.

New patients should apply for an appointment (RIV 5810) and a doctor's letter should accompany the patient.

Six beds in the hospital are at the disposal of the Rheumatism Department.

Migraine.

THE EILEEN LECKY MIGRAINE CLINIC

2, Clarendon Drive, Putney, S.W.15.

(Tel.: PUTney 5127)

The Migraine Clinic at the Putney Health Centre was named "The Eileen Lecky Migraine Clinic" in July, 1958, on the retirement of the founder Miss Eileen Lecky.

At this Clinic, which is voluntary and not connected with the National Health Service, advice is given in modern methods directed to relieve chronic periodic headache. Sessions are held twice weekly on Monday and Thursday mornings, commencing at 10.45 a.m.

It should be emphasised that patients are only seen by prior appointment, and must be accompanied by a letter of introduction from their own Doctor, who will be responsible for the carrying out of the treatment advised by the Clinic. The waiting list for new patients is of considerable length, and it is useless for anyone to attend for an initial consultation without prior appointment being made.

It is to be noted that no fee is ever charged to a patient.

Alcoholism and Drug Addiction.

Modern medical techniques can restore sufferers from these illnesses but only with the patient's consent and full co-operation.

Out-patient clinics for the treatment of alcoholism have been established at The Carter Foundation, 34, Seymour Street, W.1, and The Harry Lloyd Foundation, Surrey Dispensary, 42, Trinity Street, S.E.1.

Patients are seen by appointment only and on certain days a Specialist is in attendance.

Written application should be made to the Secretary of the particular Clinic as above or in an emergency telephone AMB 6689 or HOP 5692.

Literature on this matter may be obtained from the Church of England Temperance Society, "Church Benefit House" 4, Palace Gate, W.8.

HEARING AIDS

Members of the public who are deaf and require hearing aids should consult their own doctor in the first instance who will, if he thinks that an instrument will be beneficial, arrange for the patient to be seen by a specialist at the Ear, Nose and Throat Department of a hospital. If the provision of a hearing aid is recommended the patients name will be placed on a waiting list and arrangements will be made for the necessary instrument to be fitted and supplied. There is no charge for the service and hearing aids are maintained, and the batteries replaced, free of charge.

AIDS TO DIAGNOSE

To assist correct diagnosis the Borough Council has made arrangements for examination of specimens from patients sent

in by doctors in doubtful or suspicious cases of diphtheria, typhoid fever, food poisoning, etc. Further particulars regarding this service can be obtained from the Health Information Bureau.

AMBULANCE SERVICE

In London the County Council is the authority responsible for the Ambulance Service. Ambulances from the Accident Section, which anyone can call by dialling 999, come at once to the help of people injured in accidents, wherever these may happen, or taken ill in public places or where they work.

Accident Section Ambulances are also used to carry Maternity patients (most of whom will have booked a bed) and they take from home to hospital patients in urgent need of treatment, if a doctor certifies that removal is "top priority" and that admission to hospital has been arranged.

General Section ambulances convey patients needing transport in other circumstances, mainly of illness and infectious disease, provided that the ambulance is ordered by the hospital authority, by the Emergency Bed Service, or, under certain conditions, by a private doctor.

HOW TO OBTAIN AN AMBULANCE

Accidents (wherever occurring)

Dial 999

When the operator replies, ask for Ambulance, when connected give the nature of the emergency, the exact place where the ambulance is needed, and any other particulars asked for.

SUDDEN ILLNESS (in street public places and places of employment).

VERY URGENT ILLNESS in the home, (A doctor must certify that the case is one of "top priority" and that arrangements have been made with a hospital for the patient's admission).

Telephone one of the following numbers:-

CENTRAL	6301
NEW CROSS	2645
REGENT	4000
RELIANCE	3622
WATERLOO	6000

MATERNITY CASES

Normally the expectant mother, who has booked her confinement in hospital or nursing home, will have had instructions how to obtain an ambulance. In other cases the doctor or midwife should telephone the Emergency Bed Service. (Tel.: HOP 7181).

GENERAL ENQUIRIES

Telephone WATERloo 5000 - Ext 6950 or 6960.

BLOOD TRANSFUSION SERVICE

The Blood Transfusion Service urgently needs new blood donors. Adults between the ages of 18 and 65, of both sexes, are acceptable.

There are two different types of donors: -

1. The donor who gives his blood at regular intervals when called by the National Blood Transfusion Service. Sessions for this service are held at Public Centres, in factories, offices and in camps of H.M. Forces.
2. The live donor, who must be on the telephone and, during the hours he or she undertakes so to do, be willing to go to any hospital in the Greater London Area at short notice to give blood for a specified patient.

Persons willing to volunteer for Class I should send their names and addresses to: -

The North London Blood Transfusion Centre, Deansbrook Road, Edgware, Middlesex (Telephone: EDGware 5511) for sessions in London and Home Counties north of the Thames, or The South London Blood Transfusion Centre, Stanley Road, Sutton, Surrey (Telephone: VIGilant 8221) for sessions in London and Home Counties south of the Thames.

For Class II to the British Red Cross Society, 100, Brook Green, W.6. (Telephone: RIVerside 1967) or to The Secretary, Greater London Red Cross Blood Transfusion Service, 4, St. Andrew's Place, London. N.W.1. (Telephone HUNter 2579).

MASS X-RAY

The North-West Metropolitan Regional Hospital Board provides this service for the whole of Hammersmith and, from time to time, one of their mobile units visits the Borough and carries out surveys of groups of workers and residents in the area.

Enquiries should be made to Mass X-Ray unit 5a, Paddington Hospital Extension, 285, Harrow Road, W.9. (Tel.: CUNningham 4884, Extension 365).

The Board has also established a Static Unit at the Central Middlesex Hospital, Acton Lane, N.W.10. (telephone: ELGar 5733) at which members of the public attend on Mondays to Fridays between 9 a.m. and 5 p.m. and on Saturdays between 9 a.m. and 12 noon. No appointments are necessary and there are no special sessions for men and women.

The South West London Mass X-Ray Service have a Central Mass X-Ray Centre at The Western Hospital, Seagrave Road, Fulham, S.W.6. (Telephone FULham 9311).

This is open to men and women over the age of 15 at the following times.

Wednesday 2 to 4 p.m., and 5 p.m. to 7 p.m.

No appointments are necessary.

Examinees are requested to bring a stamped self-addressed envelope for confidential result to be posted to their private address

REGISTRATION OF BIRTHS, DEATHS AND MARRIAGES

The office of the Superintendent Registrar and the Register Office at which marriages are solemnised is at Room 39, Town Hall, King Street, W.6.

There are three Registrars for Births and Deaths, each with a separate sub-district. Their offices and times of attendance are as under:-

NOTIFICATION OF BIRTHS

Every birth must be notified within 36 hours to the Divisional Medical Officer, 133, Fulham Palace Road, W.6., by the doctor, the father (if in residence at the time of birth) or by any person in attendance at the time of the birth or within six hours after.

THIS NOTIFICATION IS IN ADDITION TO, AND NOT IN SUBSTITUTION FOR, THE REGISTRATION OF THE BIRTH, which must be carried out within six weeks.

INTERNATIONAL CERTIFICATES OF VACCINATION AND INOCULATION

A person travelling abroad to certain countries is required to produce a certificate that he has been successfully vaccinated or inoculated against specified diseases such as small-pox, yellow fever, cholera, etc. Requirements vary according to the particular country and every person intending to travel abroad, should, therefore make certain what is required for his particular journey and ensure that the supporting certificates are correct in all details.

The Travel Agency, Shipping Company, or Air Line through which the travelling arrangements are being made will usually supply information

of what is required, but in cases of doubt it is advisable to apply to the Embassy or Consulate of the particular country concerned. In the case of travellers to Crown Colonies, information may be obtained from the Crown Agent for the Colonies, 4, Millbank, S.W.1. (Tel.: ABBey 7730).

The vaccination or inoculation (other than yellow fever inoculation) may be carried out by the person's own doctor. It is available under the National Health Service but the doctor is entitled to charge a fee for some certificates, e.g., an International Certificate.

Yellow fever inoculation must be done by specified doctors. A free yellow fever inoculation service has been established at the Hospital for Tropical Diseases, 4, St. Pancras Way, N.W.1. Arrangements can also be made with the hospital for some of the other inoculations and for vaccination. Telephone EUSTon 6441, Extension 137 for an appointment.

There is also a Traveller's Clinic at the Wright Fleming Institute of Microbiology at St. Mary's Hospital Medical School, Paddington, W.2. (Telephone PADddington 1662) which provides facilities for vaccination against Smallpox, Typhoid, Cholera and other similar diseases with the exception of Yellow Fever. A fee of £1.1.0. is charged for each vaccination.

International Certificates have been prescribed for small-pox, yellow fever and cholera. The certificate for inoculation against yellow fever is issued at the Centre at which the inoculation has been carried out. International Certificates for other diseases must be obtained by the traveller himself and taken to his doctor. The Travel Agency will usually supply the necessary form but in case of difficulty it may be obtained from the Ministry of Health, Savile Row, W.1. (The form cannot be obtained from doctors or from the Borough Council.)

The doctor's signature on a small pox vaccination or cholera inoculation certificate must be authenticated by the Medical Officer of Health. Certificates signed by doctors practising or residing in Hammersmith can be authenticated at the Public Health Department, Town Hall, King Street, W.6, without charge during the normal office hours.

PERSONAL HEALTH SERVICES

The health services described in this section are those provided by the London County Council under the National Health Service Act, 1946, and other statutes for the personal health of those living in the area. Except where otherwise shown enquiries on these matters should be made to the Divisional Medical Officer, 133, Fulham Palace Road, W.6. (RIVerside 8631).

Comprehensive arrangements have been made in Hammersmith for the care of expectant and nursing mothers and children up to five years of age. The following facilities are available.

CONFINEMENT ARRANGEMENTS

The London County Council midwives work in the locality. If the services of one of these is required, application should be made to the midwife's address, or to the nearest ante-natal clinic. The names and addresses of the midwives are:-

((A domiciliary midwifery service is also operated by Queen Charlotte's Hospital. Women seeking home confinements can be attended by domiciliary midwives and appointments can be made upon application to the Hospital.)

The Queen Charlotte's and Hammersmith Hospitals provide accommodation for mothers about to be confined. Particulars of admission to these hospitals and to other maternity institutions can be obtained at the ante-natal clinic at any welfare centre.

For dealing with acute obstretrical emergencies in the home when the patient cannot be taken to hospital without undue risk, certain hospitals provide an emergency obstetric service which includes a number of mobile medical and nursing teams with special obstretrical experience.

A medical practitioner in charge of a home confinement - or a midwife if she cannot obtain medical aid and the emergency is grave - may obtain the services of one of these teams by telephoning the London Ambulance Service, using one of the following numbers: WATERloo 6000, New Cross 2645, CENTral 6301-2; REGent 4000-1, RELiance 3622. Upon receipt of such a call the Ambulance Service will immediately despatch an ambulance to convey the appropriate emergency team and their equipment to the patient's address and, in the meantime, will warn the team that the ambulance is on its way.

POST-NATAL CARE

It is important that all mothers should be medically examined after their confinements, and most maternity hospitals hold special post-natal clinics for this purpose. Mothers who have their babies at home should attend the ante-natal clinics unless attended by their own doctor.

HEALTH VISITORS

The health visitor is attached to an infant welfare centre and visits in her area, for the purpose of giving advice as to the care of young children, persons suffering from illness, and expectant or nursing mothers, and as to the measures necessary to prevent the spread of infection.

CRECHES

48, Glenthorne Road

Tuesdays and Fridays
9.30 a.m. to 12 noon

This creche provides accommodation for 10 children if required. Application for admission is made to the superintendent of the welfare centre. In all instances priority is given to children whose mothers have to attend a clinic, hospital, doctor, or dentist for treatment or otherwise.

FOSTER MOTHERS - CHILD PROTECTION

The law provides that every person (except a near relative) who for a period of more than one month undertakes for payment the care of any child under school leaving age either apart from its parents or having no parents must give notice in writing at least fourteen days before receiving the child or if one child is received in an emergency not more than one week after receiving the child to the Divisional Medical Officer, 133, Fulham Palace Road, W.6, either personally or by registered letter. Printed forms for this purpose may be had from the Divisional Medical Officer.

All foster parents are visited by the Child Protection Visitor, who will advise on the care of the children and arrange for infants to be seen at regular intervals at the nearest infant welfare centre.

Persons seeking the services of foster parents may apply for advice and assistance to the health visitor at the nearest welfare centre.

CHILD-MINDER SERVICE

The London County Council provides a service of approved child-minders who receive a weekly registration fee of 6s. in return for their willingness to submit to supervision, and to comply with the Council's requirements. Children under five years of age who do not attend school are accepted into the minders own homes for daily care. Charges for this care are matters for agreement between the minder and the child's parents, and are not paid by the Council.

No child-minder is permitted under the arrangements to care for more than two children at a time. Those who take more than two are required to register under the Nurseries and Child-Minders Regulation Act, 1948, and are not eligible to receive a registration fee.

Inquiries from intending child-minders and from parents who require the services of a minder for their children, should be made of the health visitor at the nearest welfare centre, or the Divisional Medical Officer, 133, Fulham Palace Road, W.6.

NURSERIES AND CHILD-MINDERS REGULATION ACT, 1948

This act requires any person who intends to open a private day nursery, or, with few exceptions, a school for children under five years of age, or to undertake for payment, the care in her own home of more than two children under five years of age (to whom she is not closely related), to apply beforehand to the local authority for registration. Printed forms for this purpose may be obtained from the Divisional Medical Officer, London County Council Divisional Health Office, 133, Fulham Palace Road, W.6. (Telephone RIV 8631).

DAY NURSERIES

There are four day nurseries in the borough. Charges for the attendance of children vary according to the family income.

Applications for admission to a day nursery should be made at the nearest infant welfare centre or to the Divisional Medical Officer at the Divisional Office, 133, Fulham Palace Road, W.6.

The day nurseries are as follows:-

Brook Green Nursery, Brook Green, W.6.

Dalling Road Nursery, Dalling Road, W.6.

Uxbridge Road Nursery, 466, Uxbridge Road, W.12.

Latymer Nursery, Blechynden Street, W.10.

HOME HELP SERVICE

Home helps are provided by the London County Council during domestic emergencies such as those caused by illness or confinement. A home help does the ordinary domestic work and the running of the family home usually undertaken by the housewife. A limited service of home helps is also available to "sit in" with chronic sick patients at night. The charge is 4s. an hour and is abatable in accordance with the family circumstances.

Applications for help should be made to the Home Help Organiser, 48, Glenthorne Road, W.6. (RIV 5879).

HOME NURSING

A home nursing service is provided on behalf of the London County Council by the District Nursing Association, 141, Uxbridge Road, W.12. (Telephone SHE 9823).

General Nursing care is given to sick persons by the home nurses under instructions of the family doctor, through whom arrangements for their attendance must be made. The call upon this service sometimes makes it difficult to deal with cases other than those requiring urgent care.

EQUIPMENT ON LOAN

Medical and nursing equipment for home nursing is lent by the British Red Cross Society or by the District Nursing Association. Any difficulty in procuring loans may be referred to the Divisional Medical Officer, 133, Fulham Palace Road, W.6. (Telephone RIVerside 8631).

RECUPERATIVE HOLIDAYS

The London County Council provides recuperative holidays for people who are recovering from a recent acute illness and who do not require nursing care. Applications should be made by the patient's doctor on a form obtainable from the Divisional Medical Officer, 133, Fulham Palace Road, W.6, and signed by a medical practitioner. The full charge is £4 per week for an adult and 12s.6d. a week for a child under five years of age. These charges are abatable according to the income of the applicant. Recuperative holidays for children attending the Council's schools are free of charge.

MARRIAGE WELFARE CLINIC

Advice and gynaecological treatment are provided at the North Kensington Marriage Welfare Centre, at 12, Telford Road, W.10. No charge is made for birth control advice for women referred on medical grounds by doctors in charge of welfare centres, but the other services are provided on payment of a small fee. A special clinic is also held at this centre for men.

IMMUNISATION AND VACCINATION

Protection against poliomyelitis, diphtheria, whooping cough, tetanus and small-pox can be carried out by private doctors or at the following infant welfare centres.

Becklow Gardens Welfare Centre, Becklow Gardens, W.12.
Thursday 9.30 a.m.

Glenthorne Road Welfare Centre, 48, Glenthorne Road, W.6.
Wednesday 9.30 a.m.

Milson Road Welfare Centre, 1-3, Milson Road, W.14,
Friday 1.30 p.m.

Westway Welfare Centre, The Curve,, Westway, W.12.
Tuesday 9.30 a.m.

Special arrangements are made for inoculation of children and adults under 40 years of age against poliomyelitis. Public sessions - no appointment necessary - are held at the Divisional Health Office, 133, Fulham Palace Road, W.6., on Tuesday evening (5.30 to 7.30 p.m.) and on Saturday mornings (9.30 to 11.30 a.m.) Further details are obtainable from the Divisional Medical Officer, 133, Fulham Palace Road, W.6. (Riverside 8631 - Ext:43).

SCHOOL HEALTH SERVICE

The London County Council is the education authority in the administrative County of London. In addition to primary, secondary and higher education it provides nursery schools and special schools for handicapped children. The school health service in West London is under the supervision of the Divisional Medical Officer, 133, Fulham Palace Road, W.6. Children undergo periodical medical inspections at school and their parents are advised about any treatment which is found to be required. Facilities for treatment are available at the two school treatment centres in the borough.

(Tel.: PAR 8012)

NOTIFICATION OF BIRTHS

Under the Public Health (London) Act, 1936, the doctor, the father if in residence at the time of the birth, or any person in attendance upon the mother at the time of birth is required to notify the birth to the Divisional Medical Officer, 133, Fulham Palace Road, W. 6, within 36 hours. THIS NOTIFICATION IS IN ADDITION TO, AND NOT IN SUBSTITUTION FOR, THE REGISTRATION OF THE BIRTH which must be done at the office of the Registrar of Births and Deaths within six weeks of birth.

Failure to give notice renders the responsible person liable to a penalty not exceeding 20s.

CHILDREN'S DEPARTMENT

Under the Children Act, 1948, the London County Council has a statutory duty to receive into its care if necessary in the interest of the child's welfare deserted or abandoned children, and any other children deprived of a normal home life, and to make the best possible provision for their care. Among these children are some who are placed in the Council's care by the juvenile courts. The Council exercises these functions through its Children's Committee and has appointed a Children's Officer who is responsible for the direction of the work.

The work of the Children's Department falls under three main headings:-

1. Receiving into care deprived children and placing them in the type of foster home or residential establishment where they are most likely to develop their characters and ability to the full.
2. Supervising the children's welfare whilst they remain in the Council's care and giving help and guidance as necessary after they leave school, maintaining contact with their families where possible and desirable.
3. Supervising children awaiting adoption or placed with strangers for payment and acting as guardian of children coming before the County and Juvenile Courts for adoption.

Considerable attention is given to means of helping families so as to avoid the need for children to come into care away from their homes, and to ways securing children's early return home from care if in their interests.

Applications and enquiries on these matters should be addressed to the Area Children's Officer, Miss J. K. Beckett, 206, Goldhawk Road, W. 12. (Telephone SHEpherd's Bush 9511).

CHILD GUIDANCE

Children requiring psychiatric treatment are referred by the doctors at the welfare centres to the nearest Child Guidance Unit.

FOOT CLINIC

A foot clinic is held at the welfare centre, 48, Glenthorne Road, W.6. every afternoon except Saturday, and on Wednesday, Thursday and Friday mornings. Anyone can obtain treatment at the centre but an appointment must be made beforehand at the centre or by telephone (RIV 5459). The normal charge is 3s. per treatment, abatable in accordance with means. A part-time foot clinic is open at 207, Westway, W.12. on Monday, Wednesday and Thursday afternoons.

MENTAL HEALTH SERVICES

Mental Illness

Mental Welfare Officers are available to visit persons suffering from mental illness and, if necessary, to make arrangements for admission to hospital for observation or treatment. These officers, who are on duty during 24 hours of the day and night, may be contacted as follows:-

During Normal Office Hours (i.e. Monday to Friday, 9.15 a.m. to 5.15 p.m.) at the appropriate Divisional Office which, for persons living in Hammersmith, is at 250 King's Road, S.W.3. (FLAxman 5757/8).

For Emergency Calls during the Night and at Weekends (i.e. from 5.15 p.m. to 9.15 a.m., Monday to Friday and from 5.15 p.m., on Friday to 9.15 a.m. on the following Monday) at the County Hall, Westminster Bridge, S.E.1. (WATERloo 5000, ext. 7005).

Community Care, including home visits and recuperative holidays and long term residential care, is provided for mentally ill persons who can be helped in this way.

Mental Sub-Normality: The County Council is responsible for providing community care for sub-normal and severely sub-normal persons in London and for taking steps to secure admission to hospital or guardianship, when necessary. Social workers based on the office at 250, King's Road, S.W.3. (FLAxman 5757/8) visit sub-normal persons living in Hammersmith and arrange, in suitable cases, for their attendance at one of the training centres provided by the County Council.

WELFARE OF THE BLIND

The London County Council is responsible for maintaining registers of blind and partially sighted persons in London.

All blind persons so registered are eligible for the benefits of the County Council's welfare services; some of these are provided

through or in co-operation with voluntary associations. They include accommodation in homes, training and employment (in sheltered workshops or in open industry); visiting by qualified home visitors; social centres, handicraft and rehabilitation courses; instruction in Braille and moon types. Blind children are given instruction in the County Council's schools and afterwards they are taught a trade so that they can earn their living; those who are likely to succeed in a profession can be trained for it.

OTHER HANDICAPPED PERSONS

Welfare services are also provided for other substantially and permanently handicapped people, e.g., the deaf, dumb, or severely crippled.

These services include adaptations to the home, the provision of small aids and gadgets, introductions to clubs for the disabled, admission to the Council's rehabilitation centres, arrangements for holidays, the provision of handicrafts tuition and in addition, the Council manages a sheltered workshop in Kentish Town for severely disabled men.

Enquiries in regard to welfare services for the blind and other handicapped persons may be made at 10, Warwick Way, S.W.1. (Tel.: VICTORIA 0162).

EMPLOYMENT OF HANDICAPPED OR DISABLED PERSONS

At every Employment Exchange there is an officer known as a Disablement Resettlement Officer whose particular responsibility it is to help and advise disabled people on their employment problems. For those no longer able to follow their normal occupation, assistance will be given in securing alternative employment, and in certain cases it may be possible to arrange a course of Vocational Training at one of the Ministry of Labour's Government Training Centres. For persons who may not be fit to return to their normal employment immediately, places are usually available at the Ministry's non-residential Industrial Rehabilitation Unit at Perivale. At this Unit short toning-up courses designed to accustom those who have not worked for some time to normal working conditions are given under the care of a team of experts.

Enquiries about these and other facilities should be addressed to the Disablement Resettlement Officer at the Brook Green Employment Exchange (Tel.No: RIVerside 4181).

ENVIRONMENTAL HEALTH SERVICES

Clean Air.

Local Authorities, with the approval of the Ministry of Housing and Local Government, are empowered to designate certain areas within their boundaries as Smoke Control Areas, and after an Order has been confirmed relating to a particular Area it is an offence for any Occupier

of a building within that Area to permit the emission of smoke from a chimney in contravention of the Clean Air Act. A person contravening an Order is liable on summary conviction to a fine not exceeding £10.

It is possible to prevent emission of smoke in any of the following ways.

1. BY BURNING ONLY AUTHORISED SOLID FUELS. These include Coke of all kinds, low volatile Steam Coals, Coalite, Phurnacite, Rexco, Clean-glow, Warmoo, &c. Some of these fuels may cost more than ordinary coal, but if burnt in suitable grates are more efficient.

It may be that firegrates and stoves at present in use will not be suitable for burning these fuels and will have to be adapted or replaced in order that they will do so.

If this is the case, the Borough Council will make a grant of seven-tenths of the NECESSARY cost of adapting or converting any grate or stove which is normally used regularly provided (i) that the Council's approval to the proposed work and also the cost of it has first been obtained and (ii) the work is carried out to the satisfaction of the Council after the order is confirmed, but before it comes into operation.

2. BY USING FIXED GAS OR ELECTRIC APPLIANCES. If firegrate or stoves are not suitable for burning solid smokeless fuel and it is desired to change to gas or electricity, the council will pay a similar proportion of the approved cost.
3. BY USING PORTABLE GAS OR ELECTRIC APPLIANCES. In this case no grant is payable in respect of the cost of the appliance or appliances but a contribution towards the cost of installing gas or electric points will be considered if the appliance or appliances will replace an existing fireplace in regular use.
4. BY USING PORTABLE OIL BURNING APPLIANCES WHICH ARE SMOKELESS. No grant would be made in respect of these.

As soon as an Order has been confirmed all Occupiers in the Area are notified and given full particulars of what to do and how to do it.

The Hammersmith (No. 1) Smoke Control Area consisting of all premises within an area shown on Map No. 1 came into force on 1 November, 1959.

The Hammersmith (No. 2) Smoke Control Area, which came into force on 1 July, 1961 consists of premises within an area shown on Map No. 2.

The Hammersmith (No. 3) Smoke Control Area, which comes into operation on 1 November, 1962 relates to that part of the Borough shown on Map No. 3.

The survey in respect of the council's proposed No. 4 area (Map No. 4) was commenced in December, 1960.

Disposal of the Dead

Under the Births and Deaths Registration Act, 1953, the disposal of a deceased person is prohibited except on a Registrar's certificate or Coroner's order.

The person effecting the disposal of the body must within 96 hours of the disposal, deliver to the Registrar of Deaths in the prescribed manner a notification as to the date, place and means of disposal. The body of a deceased person may not be removed out of England without due notice to the Coroner.

Under the National Assistance Act, 1948, it is the duty of the Borough Council to arrange for the burial or cremation of any person who has died, or has been found dead, in Hammersmith, where it appears that no other suitable arrangements have been made, or are being made. Applications for assistance under this section should be made to the Public Health Department, Town Hall, King Street, W.6. (Tel.: RIVerside 3020).

Special arrangements are in force for the burial of persons of certain religious faiths. In the case of Jewish persons applications may be made to the Federation of Synagogues Burial Society, 64, Leman Street, E.1. (Tel.: ROYal 7425) and in the case of cremation of indigent Hindus, the High Commissioner for India, India House, Aldwych, W.C.2. will afford all possible assistance.

Health Laundry Service

The Public Health Department of the Hammersmith Borough Council now has a service available for the cleansing of bed linen and clothing not accepted by commercial laundries and in such a condition as is deemed to be harmful to health. The service is mainly for incontinent patients, not necessarily old people, but is of great assistance where relatives care for old people at home. Generally, two deliveries of laundry are made in a week. Applications should be made direct to the Public Health Department, Town Hall, W.6.

Housing

Both the Borough Council and the London County Council have responsibilities in regard to housing under the Housing Acts, and both are actively engaged in providing accommodation for those in the greatest need. A number of large schemes comprising blocks of flats in different parts of the Borough have been completed during the past years and further schemes are in progress.

At the present time the Council acts as landlord for 3,419 principal tenants. The properties managed include houses, flats, pre-fabs and acquired accommodation

64 new dwellings were built by the Borough Council in 1960 and 101 houses accommodating 206 families were acquired during the year.

Communications in respect of applications for re-housing should be addressed to the Housing Manager, Town Hall, King Street, W.6.

The local office of the Director of Housing of the London County Council is at 38, St. Luke's Road, Westbourne Park, Paddington. W. 11.

Medicinal Baths

These Treatment Baths are situated in Scotts road, Shepherds Bush. In addition to treating for scabies, psoriasis and verminous conditions, elderly people who are feeble and otherwise not able to bathe themselves, are given weekly baths.

Arrangements have been made with the Ealing, Richmond and Southall Councils for their cases to be sent to our Medicinal Baths.

The Medicinal Baths are open from 8 a.m. to 4.30 p.m. on Mondays to Fridays and from 8 a.m. to 11.30 a.m. on Saturdays. Persons requiring treatment for scabies should take with them a letter from their own doctor.

The premises also contain a disinfecting Station for the treatment of verminous and infected articles. Disinfestation of rooms which are verminous are also undertaken by the staff of the Disinfecting Station.

Public Health Inspection

A staff of public health inspectors is employed in the Health Department, Hammersmith. They carry out inspections as a routine measure and upon receipt of complaints regarding insanitary conditions, unsound food, infectious diseases and a number of other matters.

The public health inspectors attend the Town Hall between the hours of 9.0 a.m. and 10.0 a.m., and 4.30 to 5.0 p.m. They can be interviewed at these times only, as during the remainder of the day they are engaged in visiting premises in the Borough. If you wish to make a complaint, however, it can be made at any time during the day to the Public Health Department at the Town Hall, or you may send it in writing addressed to the Medical Officer of Health.

Food Inspection

It is the duty of the Health department to check the purity and food value of all food and drink exposed for sale. Furthermore the efficiency of any of the chemical and medicinal substances sold must also be watched. Sampling of food and drugs for analysis is undertaken by a full-time Inspector in addition to the inspection of milk processing depots and certain of the large food manufacturing factories. The inspection of retail dairies and the remaining food premises is the duty of the district public health inspectors. Any complaints regarding unsound food should be referred to the Public Health Department at the Town Hall.

The address of the Public Analyst for Hammersmith is: -

Health Service Department,
Walworth Road, S.E. 17. (Tel.: RODney 5464)

Factories and shops inspection

The public health inspectors are responsible for the Borough Council's portion of legal control in this sphere. Broadly speaking their interest is in the health and comfort of the employee and in this they co-operate with the Factory Inspector appointed by the Minister of Labour, whose address is Charles House, 375, Kensington High Street, W. 14. (Tel. WES 8131).

Certain industrial diseases when contracted in a factory, and lead poisoning in persons employed in painting buildings, must be notified to the Factory Inspector.

Examining Surgeons are appointed under the Factory Acts to undertake, where necessary, the medical examination of young persons and persons employed in certain factories; and to investigate cases of death and injury occurring in certain factories or reported to them by the Factory Inspector.

The examining Surgeon for Hammersmith is: Dr. G. H. Dymond, 219, New Kings Road, Fulham, S.W. 6. (Tel.: REN 1777).

Rats and Mice Destruction

Two rodent operatives are employed by the Health Department. They work under the supervision of the Public Health Inspectors, and treat infestations of rats and mice in private houses and in commercial premises. A charge is made for work carried out in the latter, but generally speaking, treatment at private houses is free.

It is the duty of the occupier of any premises to notify the local authority of any substantial rat or mice infestation. Enquiries regarding these matters should be addressed to the Public Health Department at the Town Hall.

Rent Control.

The Rent Act, 1957 limits the rent of a controlled house. If the tenant of a controlled house considers that his house is in disrepair he may serve on the landlord a notice in the prescribed form stating that the dwelling or any part thereof is in disrepair by reason of defects specified in the notice and that those defects ought reasonably to be remedied having due regard to the age, character and locality of the dwelling and requesting the landlord to remedy them.

If after six weeks the defects have not been remedied, or the landlord has not given, in the prescribed form, an undertaking to do the work, the tenant may apply to the local authority for a certificate of disrepair. Such application must be accompanied by the statutory fee of 2/6d.

If the local authority is satisfied that the dwelling or part is in disrepair by reason of defects specified in the notice they will issue a certificate of disrepair after the expiration of three weeks from the service by them on the landlord of notice of intention to do so unless they accept an undertaking from the landlord in the meantime.

This certificate entitles the tenant to pay a reduced rent as provided in the act until such time as the certificate is cancelled.

Applications for certificates of disrepair must be made to the Public Health Department at the Town Hall.

Furnished lettings. Furnished lettings are not covered by the above provisions. Under the provisions of the Furnished House (Rent Control) Act, 1946, a tenant of furnished accommodation, the rateable value of which is less than £40, may apply to the Rent Tribunal for the rent of the accommodation to be fixed and it is an offence for a person to charge more rent than that fixed by the Tribunal for such letting. Further information may be obtained from the Clerk to the Hammersmith Rent Tribunal, Charles House, Kensington High Street, W. 14. (Tel.: WES 8131).

Legislation regarding rent control is very complicated and the above is only a brief summary of the main provisions. More detailed information may be obtained at the Town Hall but where legal action is contemplated it is suggested that a solicitor should be consulted.

Secondhand Furniture.

The Health Committee are anxious that the public should appreciate the facts leading up to the spread of the bed bug. The bug often lives in cracks and crannies in the furniture and can be introduced into a household if infested furniture is bought. Application for assistance to exterminate these insects may be made to the Public Health department.

Smoke Abatement.

The public health inspector is the officer upon whom most of the work of smoke control falls. Its general control is part of his duty and if legal measures have to be taken he has to give evidence in Court of observations he has made.

Apparatus for measuring the purity of the air and testing the degree of contamination of the atmosphere have been set up in the Borough and samples and readings are taken at regular intervals.

CEMETERIES.

The Borough Council possess two cemeteries for the interment of residents of the Borough. The older, situated in Margravine Road, Fulham, has

an area of 16½ acres and the second and later cemetery at Clifford Avenue, Mortlake, an area of 22½ acres. Nowadays, interment in Margrave Road Cemetery can only be arranged in existing private family graves, no further burial space being available.

Enquiries as to charges, etc., should be addressed to the Cemetery Office, Clifford Avenue, Mortlake (Tel.: PROspect 2871).

CREMATION.

Cremation is now regarded by many as a desirable alternative to earth burial and to meet the demand for this form of disposal of the dead the Borough Council in conjunction with some other West London Boroughs, opened a Crematorium in 1930.

This Crematorium is situated in Clifford Avenue, Mortlake, and adjoins the Hammersmith Cemetery. It is surrounded by about three acres of ground formed into a Garden of Remembrance. In the centre of the Garden a formal flower garden has been laid out, paths run through the Garden, and seats have been provided so that people may rest and meditate amidst the quiet charm. The Chapel has seating for 140 people. In it any form of religious service or ceremony desired by the relatives may be conducted. Church of England and Non-Conformists Chaplains are available, but any persons appointed by the relatives may act. There is within the Chapel a Book of Remembrance which provides a lasting record of those cremated.

The No.71 omnibus service from Hammersmith Broadway passes the Cemetery and Crematorium gates.

Enquiries regarding cremation charges etc., should be made to the Superintendent, Crematorium Office, Clifford Avenue, Mortlake, S.W. 14. (Tel.: PROspect 4358).

MORTUARY AND CORONER'S COURT.

This building is situated in Fulham Palace Road, W.6. Where it is required, free resting accommodation for the bodies of deceased persons awaiting burial is available.

CORONER. The Coroner for Hammersmith is:

Dr. Gavin Thurston,
Coroner's Court,
Fulham Palace Road, W.6.
(Tel.: RIVERSide 1813 & 3220)

The Coroner's Officer, Mr. J. Roxburgh, may also be contacted at the above address between the hours of 9 a.m. and 5 p.m. Outside these hours his address is 14, East Sheen Avenue, S.W. 14. (Tel.: PRO 7824).

WATER SUPPLIES

In this part of London all water supplies are provided by the Metropolitan Water Board.

Before treatment the water comes from the River Thames, but it is tapped to the consumer pure and sparkling.

In the event of any emergency relating to the water supply, e.g. a burst pipe, notification should be sent to the District Engineer, Metropolitan Water Board, Standish Road, W.6. (Tel.: RIV 3826).

PUBLIC BATHS AND WASH HOUSES

The Hammersmith Baths and Wash houses in Lime Grove, Shepherds Bush provide facilities for bathing (slipper baths) swimming and laundry work.

The water in the swimming baths is controlled by filtration and chlorination to secure a high degree of purity. The temperature is electronically controlled at 76°F in Summer and 78°F in winter.

In the communal laundry modern facilities are provided for washing, drying and ironing at a small cost.

The larger of the two indoor baths is closed during the winter season and converted into a public hall which may be hired for meetings, concerts, dances etc. In addition certain periods are set aside for Badminton and Indoor Bowls.

The Open Air Bath at Bloemfontein Road, Shepherds Bush, provides during the summer months, facilities for swimming and sun-bathing and is open daily, including Sundays, from mid-May to the end of August or later according to weather conditions.

The water in this bath also undergoes constant purification treatment.

PARKS AND OPEN SPACES

There are several parks and open spaces for public enjoyment in Hammersmith.

Wormwood Scrubs (total area, 190.62 acres), Ravenscourt Park (31.04 acres), Little Wormwood Scrubs (21.65 acres), Shepherds Bush Common (7.52 acres), Brook Green (4.60 acres) and Hammersmith Park White City Estate (7.23 acres) are maintained by the London County Council.

Wormholt Park (8.40 acres), Wendell Park (4.26 acres), Furnivall Gardens (1.95 acres), St. Peter's Square (1.58 acres), and a number of smaller open spaces, (total area 6.06 acres), are maintained by the Borough Council.

Tennis Courts, bowling green, etc., are available in a number of parks and football and cricket pitches are provided on Wormwood Scrubs.

SOCIAL WELFARE **NATIONAL INSURANCE SCHEME**

Under the National Insurance Act, 1946, the Government has accepted responsibility for insuring everyone against "the main attacks which economic ill-fortune can launch against the individual well-being and peace of mind."

The insurance scheme applies in general to everyone over school-leaving age.

There are three classes of insured persons under the Act - employed people, self-employed people and the non-employed. They all pay weekly contributions, which vary according to the category. The bulk of the contributing population fall in the "employed" category for whom the weekly flat-rate contributions are as follows:-

Employed Persons age under 18

						<i>Boys</i>	<i>Girls</i>
Employee	6s. 9d.	5s. 7d.
Employer	5s. 10d.	4s. 8d.
						12s. 7d.	10s. 3d.

Employed Persons age 18 or over - Not contracted out

						<i>Men</i>	<i>Women</i>
Employee	10s. 7d.	8s. 8d.
Employer	8s. 7d.	7s. 4d.
						19s. 2d.	16s. 0d.

Employed Persons age 18 or over - contracted out

						<i>Men</i>	<i>Women</i>
Employee	12s. 2d.	9s. 6d.
Employer	9s. 10d.	7s. 9d.
						22s. 0d.	17s. 3d.

Self employed persons

Men	14s. 2d.
Women	11s. 6d.
Boys (under 18 years)	7s. 11d.
Girls (under 18 years)	6s. 9d.

Non-employed persons

Men	11s. 5d.
Women	8s. 9d.
Boys (under 18 years)	6s. 4d.
Girls (under 18 years)	5s. 3d.

The National Health Service contributions which are included in the flat rate rates shown above are:-

Employed persons

	<i>Employee</i>	<i>Employer</i>	<i>Total</i>
Men	2s. 8½ d.	7½ d.	3s. 4d.
Women	2s. 0¼ d.	7½ d.	2s. 8d.
Boys (under 18)	1s. 4½ d.	7½ d.	2s. 0 d.
Girls (under 18)	1s. 4½ d.	7½ d.	2s. 0 d.

Self employed & Non-Employed persons

Men 2s. 10 d.; women 2s. 2d.; Boys and girls under 18 years 1s. 6d.

For convenience these contributions are paid with the national Insurance flat rate contribution in one combined stamp.

The flat-rate contribution is collected usually by means of a national insurance stamp on a national insurance contribution card.

The graduated contribution for employees age 18 or over who have not been contracted out of the graduated part of the National Insurance Scheme by their employers, is approximately 4¼ per cent of that part of their pay between £9 and £14 a week. It ranges from a 1d. a week for those earning just over £9 a week to 5s. 1d. for those earning £15 or more a week. The employer pays an equal amount. Graduated contributions which are collected along with P. A. Y. E. income tax count only for the graduated part of retirement pension. The graduated part of the pension is at the rate of 6d. for every £7. 10s. (£9 for a woman) of graduated contributions paid by the employee personally.

BENEFITS

The National Health Service provides medical treatment and attention for all persons whether they are insured or not. The National Insurance Scheme provides cash benefits for certain circumstances in return for regular weekly contributions.

The following benefits are provided:-

1. Sickness
2. Unemployment
3. Maternity
4. Retirement pension
5. Widow's benefit
6. Child's special allowance
7. Guardians Allowance
8. Death Grant

Sickness Benefits

Incapacity should be notified within three days and claims made within ten days. Obtain a "first medical certificate" from your doctor, fill in the personal particulars and send it to the local Pensions and National Insurance Office without delay. Intermediate medical certificates should be sent at weekly intervals, except where the incapacity continues for longer than four weeks, when the doctor may issue a certificate covering a longer period. A final certificate should be sent on the last day of incapacity.

Standard weekly rates of benefit:-

Men, single women and widows	57s. 6d.
Married women	39s. 0d.
Persons under 18 years	32s. 6d.
Dependant adults (only one)	35s. 0d.
Dependant children	17s. 6d. for the first child and 9s. 6d. for each additional child.

Infectious disease contacts. A person who is precluded by the Medical Officer of Health from continuing at work by reason of being a carrier of, or contact with, infectious disease, may claim sickness benefits under the Act.

All such claims should be made as above but must be accompanied by a certificate from the Medical Officer of Health, whose office is at the Town Hall, King Street, W.6.

Maternity Benefits. There are three maternity benefits.

1. Maternity Grant - £14.0s.0d. lump sum.

If more than one child is born, additional maternity grants, each of £14.0s.0d. can be claimed to bring the total number of grants payable for confinement up to the number of newly born children who are living 12 hours after birth.

2. Home Confinement Grant - £6 lump sum.

3. Maternity Allowance - 57s.6d. weekly and may be paid for 18 weeks beginning 11 weeks before the expected week of confinement - Maternity Allowance may be increased in certain circumstances in respect of dependants in the same way as sickness benefit.

Claims for Maternity Grant may be made not more than 9 weeks before the expected week of confinement to 3 months after confinement.

Home confinement Grant should be claimed within the period of 3 months beginning with the date of the confinement.

Maternity Allowance can be claimed from the 14th week before the week in which the confinement is expected. To avoid loss of benefit the claim should be made not later than the beginning of the 11th week before the week in which the confinement is expected whether or not the claimant has then stopped working.

The claim form, which can be obtained from the local Pensions and National Insurance Office or Ante-Natal Clinic should be filled in by the mother and sent to the local Pensions and National Insurance Office, accompanied by a certificate of expected confinement or confinement signed by her doctor or midwife.

(Any woman who is expecting to be confined is advised to make enquiries at the local Pensions and National Insurance Office to get from there a copy of leaflet N.I. 17A at least three months before the expected date of confinement.)

Retirement Pension.

You will usually receive a claim form within four months before minimum pension age (65 for men and 60 for women) whether or not it is

intended to retire at that age. This form must be completed and sent to the Local Pensions and National Insurance Office.

Widow's Benefit.

Claim forms are supplied by the local Pensions and National Insurance Office and claims should be made within three months after husband's death. When the death is registered, the Registrar of Deaths will provide a special death certificate (free of charge). If available, marriage certificate, widow's birth certificate and, if the widow has only one child, the child's birth certificate should be sent with the claim.

Child's Special Allowance.

This is a benefit for a woman whose marriage has been dissolved or annulled, on the death of her former husband, if she had a child towards whose support he was contributing.

Claim forms can be obtained from the local Pensions and National Insurance Office, and claims should be made within three months of the former husband's death.

If, available, marriage certificate, evidence of divorce and evidence of payments by husband should be sent.

Guardian's Allowance.

Claims should be made within three months of the date of which the claimant becomes entitled to the allowance. If a claim is late, payment of the allowance will normally be made only from a date three months before the date on which the claim is made. The forms of application are obtained from the local Pensions and National Insurance Office and should be returned thereto when completed. The rate for each child is 32s. 6d.

Death Grant.

A death grant is a sum payable on the death of an insured man, his wife, child or widow, or of an insured woman, her husband, child or widower. It is normally paid to the personal representative (executor or administrator) or next of kin, or to the person who paid the funeral expenses. When the death is registered, the Registrar will provide a special death certificate free of charge. This certificate should be taken or sent to the local Pensions and National Insurance Office, with the deceased's national insurance card, birth certificate and marriage certificate (if applicable), together with the undertaker's account or estimate, if these documents are readily available.

Divorced women and Widows.

There are special rules for women whose marriages have been dissolved or annulled, and for certain widows to help them qualify for retirement pensions and sickness and unemployment benefits. Particulars may be obtained from the local Pensions and National Insurance Office.

Industrial Injury.

The Industrial Injuries Scheme provides for employed people, special insurance against accidents at work and certain prescribed industrial diseases. There are three main types of benefit - injury benefit, disablement and death benefit. Full details of these are given in a series of leaflets obtainable at local Pensions and National Insurance Offices.

Any person who meets with an accident at work should tell his employer at once.

Particulars regarding any of the above benefits or allowances can be obtained at the offices of the Ministry of Pensions and National Insurance given above.

Unemployment Benefit.

Claims should be made on the first day of unemployment. Take your National Insurance contribution card to the nearest employment exchange (or youth employment office if under 18 years) and make a claim on the form provided.

The local offices of the Ministry of Labour are:-

For adults - Hythe House, 53, Brook Green Road,
Hammersmith, W.6. (Riverside 4181).

For youths - 78, Uxbridge Road, W. 12.
(SHE 9348/9)

FAMILY ALLOWANCES

Family allowances are cash payments to families with two or more children. The rates are 8s 0d. a week for the second child, and 10s.0d. a week for the third and each younger child below the age limits. No allowances can be paid for the first (or only) child below the age limits.

The age limits are fifteen for children who leave school at that age, sixteen for certain handicapped children and eighteen for children who remain at school or are apprentices. Special leaflets and claim forms regarding family allowances may be obtained from any local Pensions and National Insurance Office. Allowances cannot be paid for any period more than six months before the date on which the claim is made.

NATIONAL ASSISTANCE

The National Assistance Board is empowered and required to assist persons 16 years of age and over who are without resources or whose resources (including benefits receivable under the National Insurance Act) are insufficient for their needs. Assistance is calculated in accordance with Regulations approved by parliament and may be granted to foreign as well as British subjects.

Able bodied persons between 16 and 65 years (60 years in the case of a woman) are required to register at the Employment Exchange.

Persons who wish to apply may do so by calling at the Area Office, Hythe House, Brook Green Road, W.6. or by sending form O.1 which is obtainable at any Post Office, Persons registering at the Employment Exchange will be given form E.1 on application.

Dependants of an applicant for assistance will be included in the allowance according to the scales authorised. Special Scales are provided for persons registered as blind or suffering from Pulmonary Tuberculosis.

Persons who owing to age or other reasons are not available for work are paid by order book encashable at a Post Office; persons available for work are paid at the Employment Exchange.

The amount of rent paid up to a reasonable amount is allowed when calculating the needs of an applicant. When the person has living with him a non-dependant member a contribution not exceeding the non-dependant's share of the rent is assumed.

Persons in receipt of assistance or entitled to receive it can on application receive payment in respect of charges under National Health Act, e.g. dentures, prescriptions, etc.

In addition to the normal scales, special allowances can be given to meet extra needs due to illness, e.g., specially nourishing foods, extra fuel, laundry charges, etc.

A person who previously applied for National Assistance and was found ineligible may become qualified for assistance owing to an increase in his rent or other change in his circumstances.

Welfare Services of the London County Council

The London County Council provides residential accommodation for aged, infirm and other people in need of care and attention, and for those who are in urgent need of temporary accommodation in circumstances which could not reasonably have been foreseen.

Home and hostels are of several kinds to suit various kinds of residents. There are at present nine large homes, each accommodating some hundreds of aged infirm or handicapped people, 42 small homes for old people; 3 homes for the blind; one reception centre for homeless families;

one home for mothers with babies, and one hostel for working mothers and their babies. Standing charges are fixed for accommodation at large and small homes, but since few old people are able to pay the full charges they are assessed according to their means, subject to a minimum charge of, at present 46s. a week.

Other small homes are being provided and full use is made of homes maintained by voluntary organisations where there are facilities for the old and the handicapped.

Eight hostels (five for men, three for women) for persons employed, training or studying in London, and three lodging houses for men, are maintained under the Housing Acts, on behalf of the National Assistance Board the County Council also maintains three reception centres for "persons without a settled way of living."

PREVENTION OF ACCIDENTS

In Great Britain on an average day 55 people die as a result of accidents - 21 in some form of travel (including 19 on the roads), 4 at places of work, 22 at home and 8 when engaged in everyday pursuits. This explains why so much is being done these days to focus attention on ways to increase public safety.

The West London Road Safety Committee (which covers the Boroughs of Chelsea, Hammersmith, Kensington, Paddington and Westminster) is actively engaged in bringing to the public notice danger encountered on the roads and means by which they can be avoided. The Committee's offices are located at Chelsea Town Hall, King's Road, S.W.3. (FLA 8101).

Nationally, the Royal Society for the Prevention of Accidents is continuously engaged in increasing safety through Education, including training and propaganda. In addition to road safety, it deals with safety in the home, in industry and in agriculture. If, therefore, for example, you want to know more about the causes of home accidents, and how to prevent them, or about any other aspect of the Society's work, write to the Secretary, RoSPA, Terminal House, 52, Grosvenor Gardens, S.W.1. (Tel.: SLO 2246).

The Association exists for the purpose of promoting the general welfare of all old people in the Borough. As a broad principle, an "old person" is defined as someone who is of pensionable age, that is, women of the age of 60 or over and men of 65 and over. It was founded in 1950 at an inaugural meeting convened by His Worship The Mayor to which all voluntary organisations in the Borough were invited. By the National Assistance Act, 1948, the Borough Council is permitted to make contributions to the funds of any voluntary organisation whose activities consist in or include the provision of recreation or meals for old people, and so aided by substantial grants from the Borough Council, the Association has been able steadily to expand its services for old people along the lines of the provision of meals both for the active and the homebound, holidays and outings, free legal advice, chiropody and social visiting.

The Association also acts as the co-ordinator of the work, which is undertaken for the benefit of the old people, of such voluntary Organisations as the British Red Cross Society, St. John Ambulance Brigade, W.V.S., and the various religious bodies in the Borough. Examples of the co-operation which exists are in the field of social visiting, holidays and the meals service to the active old people at Luncheon Clubs.

The Medical Officer of Health of the Borough, as the Hon. Medical Director of the Hammersmith Old People's Welfare Association, is responsible for the maintenance of the Association's activities, and the day-to-day work is undertaken in the Old People's Welfare Office at the Town Hall.

Among the facilities available to old people in Hammersmith are:-

BATHS.

Warm Baths Free warm baths are available to old age pensioners living in Hammersmith at the Public Baths, Lime Gove, Shepherds Bush, W.12, between the hours of 2 p.m. and 4 p.m. on Monday to Thursday (inclusive). By special arrangements, elderly infirm persons may be transported to the Medicinal Baths and given baths under the supervision of a State Registered Nurse.

Special Treatment Baths Persons suffering from scabies and similar skin infections can have special baths and expert treatment under the supervision of a State Registered Nurse. This service is provided free by the Hammersmith Council at their Medicinal Baths, Scotts Road, Shepherds Bush, W.12, and application should be made to the Medical Officer of Health, Town Hall, Hammersmith, W.6. (Tel: RIVerside 3020).

CHIROPODY SERVICE

There are a number of foot clinics in the Borough, maintained by the London County Council, and one sponsored by the Association at the West London Foot Clinic in Shepherds Bush Road. The Hammersmith Division of the British Red Cross Society have been administering this service since 1952, and in addition to the sessions held at the Clinic, treatment is given to the homebound in their homes.

Chiropody sessions are given as follows:-

London County Council Clinic, 48, Glenthorne Road, W.6. (Tel. RIV.5459)
From 2 - 5 p.m. on Mondays, Tuesdays, Wednesdays, Thursdays & Fridays,
and from 10 a.m. to 12 noon on Thursdays and Fridays - Treatment is
by appointment only.

London County Council Clinic, 207 Westway, W.12.

From 1.30 - 4.30 p.m. on Mondays, Wednesdays & Thursdays.

London County Council Clinic - No. 1 Divisional Office,
133, Fulham Palace Road, W.6.

From 10 a.m. to 12 noon on Mondays, Wednesdays, Thursdays and Fridays,
and from 2 - 5 p.m. on Wednesdays and Fridays.

There are sessions each Monday and Wednesday from 9.30 a.m. to
12.30 p.m. at the West London Foot Clinic. Applications can be made
either direct to the British Red Cross Society, 100 Brook Green, W.6.
(RIVerside 1967), or through the Association's Office.

Chiropody treatment is given free of charge to those in receipt
of old age pensions.

AID TO THE DEAF

Old people requiring deaf-aid should consult their own doctor who
will, if necessary, make arrangements for an examination at a hospital
deaf clinic.

The Royal Association in aid of the Deaf and Dumb will be pleased
to assist, where possible, any old person who encounters special
difficulties arising from being deaf or hard of hearing. Such persons
should apply direct to 7/11, Armstrong Road, Acton, W.3.

London League for the Hard of Hearing have a special club for
deaf persons on Tuesday evenings at the Shepherds Bush Club, Red Cross
House, Brook Green, W.6. Details may be obtained from Miss A. Anderson,
33, Haggard Road, Twickenham, Middlesex.

ENTERTAINMENTS AND RECREATION

The Community Recreation Committee of the Hammersmith Borough
Council includes in the annual programme of entertainments a consider-
able number of events especially for the elderly residents of the
Borough. Some of these activities are held at the Old People's Clubs,
others at the Town Hall and are for the benefit of all old persons
living within the Borough. In addition, the Committee contributes to
the funds of certain organisations promoting entertainment and recrea-
tion for old people, so that elderly Hammersmith residents may partici-
pate.

Enquiries for Concert tickets etc. and Club entertainments should
be addressed to the Community Recreation Officer, Town Hall, W.6.

CINEMAS

All Hammersmith cinemas admit old people to any seat at a rate of

9d. each on production of their pension books, on Mondays to Fridays inclusive, if they take their tickets before four o'clock.

These concessions do not apply on Bank Holidays, or to any of the West End Cinemas.

ISSUE OF FREE CLOTHING

The W.V.S. Centre at 117, Goldhawk Road, W.12. is open for the issue of clothing on Mondays between 10.30 a.m. and 12 noon and 2 p.m. to 3.30 p.m. Clothing is only issued on letters from recommending bodies such as the National Assistance Board or the Hammersmith Old People's Welfare Association. The Centre is also open for other enquiries from Tuesday to Thursday inclusive from 10.30 a.m. to 4.30 p.m.

CLUBS FOR OLD PEOPLE

There are thirteen Clubs in the Borough and these are so situated that any pensioner who wishes to join can find a Club within easy distance of his home. Each Club is quite independent of the other, and has its own constitution, officers and committee,

INTERVIEWS AND HOME VISITS

The Association's staff are available to advise and assist old people, both by interviewing them at the Town Hall during interviewing hours:-

* Mondays to Fridays, 9.30 a.m. - 12 noon and from 2 p.m. - 4 p.m., or by visiting their homes.

Where old persons are unable to avail themselves of the interviewing facilities, it is requested that those acting on their behalf get in touch with the Association by letter or by telephone (RIV.3020 Ext. 144) or call during the interviewing hours.

** (All interviewing hours are liable to alteration during staff or public holidays).*

VISITING SERVICE.

The Association's visiting staff, consisting of a Public Health Welfare Officer and a Nursing Visitor and general assistant, undertake special visits to old people. These visits are mainly designed to help old people to obtain certain facilities which would enable them to maintain reasonable health.

In addition, there is a Friendly Visitors Organisation consisting of volunteer members of the Public who visit old people at periodic intervals in order to help them to combat loneliness. Many hundreds of these visits are paid each year.

Many more friendly visitors are required as there are still a large number of elderly people in need of this companionship.

HAIRDRESSING SERVICES.

An arrangement has been made whereby female old age pensioners have access to hairdressing services at reduced fees.

Homebound pensioners needing a haircut who are unable to obtain the services of a hairdresser should apply to Room 1, Town Hall, W.6.

ARRANGEMENTS FOR LOAN OF HEATING APPLIANCES.

The Association have special modern continuous burning oil stoves which may be loaned temporarily under special circumstances.

HOSPITAL.

There is confusion on the question of the admission of old people to homes and hospitals.

Except in certain stringent cases, which are the responsibility of the Medical Officer of Health, an old person can only be recommended for admission to hospital by his own practitioner.

The Association has no means of expediting admission.

It is well to remember that the consent and co-operation of the old person concerned must be obtained before he or she can be admitted to a home or hospital.

OLD PERSONS HOMES.

Old people not considered to be in need of hospital treatment by their medical practitioner may enter an Old Person's Home. These homes may be broadly classified into three groups:-

(a) *Those Homes provided by the London County Council* for old people who are homeless or in need of care and attention. Application should be made to the Chief Welfare Officer of the London County Council.

Applications for admission to any of the Council's Homes can be made in person, by letter or by telephone (Monday - Friday, 9.15 a.m. - 5.15 p.m.; Saturdays 9.15 a.m. - 12.15 p.m.). The district office serving West and South West London is:-

London County Council,

10, Warwick Way,

Victoria, S.W.1. (Tel.: VICToria 0162)

(b) *Homes sponsored by voluntary organisations or non-profit making housing trusts or associations.*

These are generally promoted by private enterprise, but are recognised officially and very often registered with the County Welfare authority. Under certain circumstances and according to individual needs financial help can be obtained from the National Assistance

Board, or the London County Council to meet part of the cost of the Homes fees.

The following are some of the voluntary organisations providing homes for old people. Application for details should be made direct to the various Societies:-

Church Army Headquarters, 55, Bryanstone Street, W.1.	PAD 9211
The Hammersmith United Charities (Almshouses), 209/211, Hammersmith Road, W.6.	RIV 2845/6
The Harrison Homes, 49, St. James' Gardens, W.11.	PAR 4332
The Hill Homes, 16, Bishopswood Road, N.6.	MOU 5140
The Salvation Army, 280, Mare Street, Hackney, E.8.	AMH 1811
Servite House, 17, The Boltons, S.W.10.	FR0 0981
S.O.S. Society, 24, Ashburn Place, S.W.7.	FR0 3538
Women's Voluntary Services, 41, Tothill Street, S.W.1.	WHI 1383

Most of these Homes are Communal Homes. Persons becoming resident would be expected to share furnished rooms and would have their meals provided. Payment is in accordance with income. Generally, most of the pension is paid over to the Home, apart from a small sum for pocket money.

(c) *Homes run for profit by private individuals.* These Homes do not generally qualify for National Assistance, as they are registered either as Nursing Homes or under Part IV of the National Health Act, and therefore the whole of the fee has to be met by the old person.

Few homes of this type can accommodate old people for much less than 6 or 7 guineas per week, and the terms are generally higher than this. Most rooms are shared.

Further information and help in connection with these Homes can be obtained from the Family Welfare Association Old People's Home Committee. Enquiries should be made to:-

The Secretary,
Old People's Homes Committee,
Dennison House, 296, Vauxhall Bridge Road, S.W.1.
Tel: VICTORIA 9977.

Interviews are made by appointment on Mondays to Fridays between 10 a.m. - 1 p.m. or at other times by special arrangement.

HOLIDAY SCHEMES.

The majority of the Old People's Clubs run their own holiday schemes and by the block bookings of transport and accommodation the cost of the holidays is considerably reduced.

The Association is now expanding the arrangement for holidays for those old people who are not catered for by the Clubs. It contributes to all the holiday schemes by subsidising transport and paying for refreshments en route, and in other ways which help to lessen the cost to the old person.

Holidays are also arranged for the infirm and less active pensioner. These holidays are not easy to organise owing to the difficulties of transporting infirm people and the lack of suitable accommodation for them. The Association helps in a practical way with the needy infirm whose holidays are also subsidised.

The Savings Club organised by the Old People's Welfare Office is a boon for the old people, who pay small amounts weekly towards their annual holiday.

The Association acts as referee for applicants desiring holidays through the Women's Holiday Fund. This organisation arranges a fortnight's holiday at nominal cost for those women who would not otherwise obtain one.

A number of daily outings are also arranged from time to time by the Association.

HOUSING

The Association does not deal with the housing of Old People in Hammersmith. All enquiries should be directed to either or to both -

The Housing Manager,
Room 16, Town Hall,
W.6.

and/or

The Director of Housing
Western District Office,
London County Council,
38, St. Luke's Road,
Westbourne Park, W.11.

As regards furnished or unfurnished accommodation, it is suggested that enquiries be made through local papers, advertisement boards or estate agents.

HOME CRAFTS

The Addison Institute hold evening classes for men and women in many and varied forms of home crafts. Much of this work is of interest to older people for whom there are special facilities. Enquiries should be made to The Principal, Addison Institute, Addison School, Blythe Road, W.14

HOME HELPS

Applications for the services of a Home Help for general assistance in the home should be made to the Home Help Organiser, 48, Glenthorne Road, W.6. (Tel. RIVerside 5879). The cost of the service is assessed according to means.

HOME NURSING

Home Nursing is the responsibility of the L.C.C. and is carried out on their behalf by the District Nursing Association, from 141, Uxbridge Road, W.12. All applications must always be made through the patient's own doctor.

FREE LAUNDRY SERVICE

The Public Health Department of the Hammersmith Borough Council has a service available for the cleansing of bedlinen and clothing not accepted by commercial laundries and in such a condition as is deemed to be harmful to health. Thus the service is mainly for incontinent patients, not necessarily old people, but is of great assistance where relatives care for old people at home. Generally two deliveries of laundry are made in a week. Applications should be made either direct to the Public Health Department, Town Hall, W.6. or to Room 1, Town Hall, W.6.

FREE LEGAL SERVICE

A legal Advice Service is available free to Hammersmith Pensioners. Those requiring legal advice are requested to bring their problems in the first instance to Room 1, Town Hall, W.6. If necessary an appointment will be made for the next Legal Advice Session. These sessions are held monthly.

LUNCHEON CLUBS

The Luncheon Clubs are run as a co-operative effort by the Association and other voluntary organisations. The Association provides and delivers the meals, maintains the equipment and pays certain costs, whilst the voluntary organisations provide the premises, without charge, and voluntary helpers run the Clubs.

The Clubs are:-

BROADWAY - Broadway Congregational Church Hall, Brook Green Road, W.6. (Tuesday to Friday inclusive).

GUINNESS - Club Room, Guinness Trust Buildings, 75, Fulham Palace Road, W.6. (Monday to Friday inclusive).

OLD OAK - Old Oak Club & Institute, 200, Old Oak Common Lane, W.3 (Tuesday to Friday inclusive).

OVERSTONE - Gospel Hall, 39, Overstone Road, W.6. (Monday to Friday inclusive).

STARCH GREEN - Civil Defence Training Centre, Westville Road, W.12.,
(Tuesday to Friday inclusive).

TABERNACLE - Shepherds Bush Baptist Tabernacle Hall, 1, Shepherds Bush
Road, W.6. (Monday to Friday inclusive).

The charge for the meal, both at the Luncheon Clubs and the Mobile Meals Service is 10d. The balance of the actual cost of the meal is borne by the Association and by a grant from the London County Council.

MOBILE MEALS SERVICE

Two services operate in the Borough, the Invalid Meals of London, and the Hammersmith Old People's Welfare Association's Mobile Service.

The Hammersmith Association's Mobile Meals Service has a small fleet of vans which daily convey hot lunches to the houses of old people who are in need. The charge for the meal is 10d. Enquiries should be made to Room 1, Town Hall.

The Invalid Meals for London on the other hand deliver meals to invalid people needing a special diet on production of a doctor's certificate. Applications for this service should be made direct to the Organiser, Invalid Meals for London, 124, Churchfield Road, W 3. (Tel: ACO 1910).

Both services have heavy demands.

SICKROOM EQUIPMENT

Sickroom equipment can be hired from the British Red Cross Society at 100 Brook Green, W.6. (Tel: RIVerside 1967) between the hours of 9.30 a.m. - 5 p.m. Mondays to Fridays and 10 a.m. - 12.30 p.m. on Saturdays.

SURGICAL APPLIANCES AND WHEELCHAIRS

The supply of wheelchairs or a surgical appliance (artificial limbs, crutches, wigs, boots, etc.) where applicable are dealt with through the hospital. Where a pensioner is not already attending a hospital their own doctor should be approached when arrangements will be made for consultation at a hospital. In certain cases a charge is made for some appliances. If meeting this charge involves hardship application should be made to the National Assistance Board. The Association is always prepared to make the necessary enquiries for those unable to do so themselves.

WIRELESS

Old people who are homebound or nearly so, and would like the loan of a wireless should apply to the Association, and assistance will be given where possible. In all cases the cost of the licence and maintenance must be borne by the person borrowing the set.

DOG LICENSES.

Many pensioners find it difficult to provide licenses for their dogs. It is possible to get help in this connection and enquiries may be made to Room 1, Town Hall, W.6.
